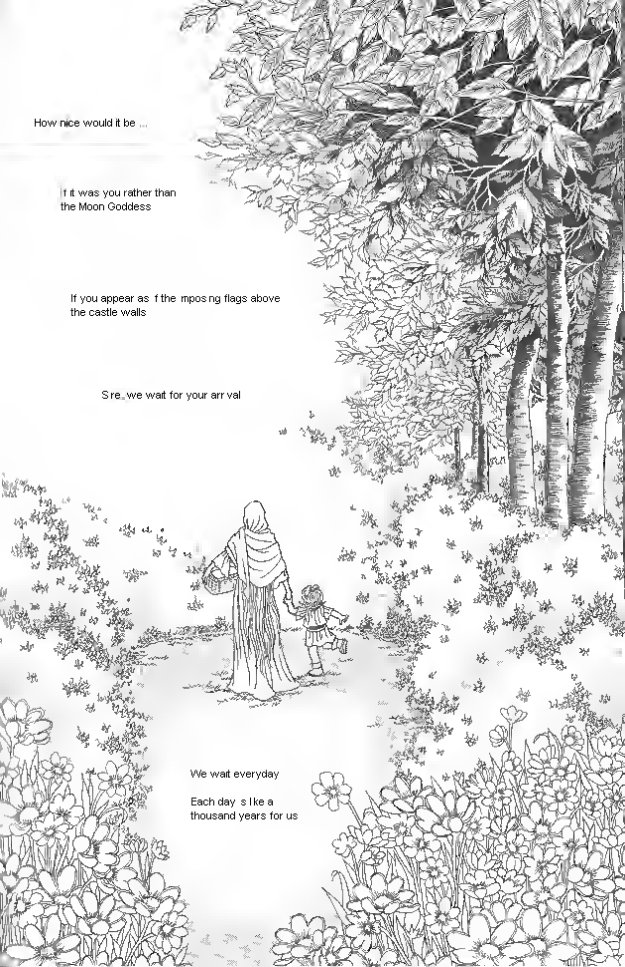
Now let's go take a bath
Why are we taking a bath so early ?
Because the Moon Goddess doesn't visit the sky tonight
Oh, I see Then I guess Jyuds family might come to the waterfall for bath also



How nice would it be ...
If it was you rather than
the Moon Goddess
If you appear as if the imposing flags above
the castle walls
Sire, we wait for your arrival
We wait everyday
Each day is like a

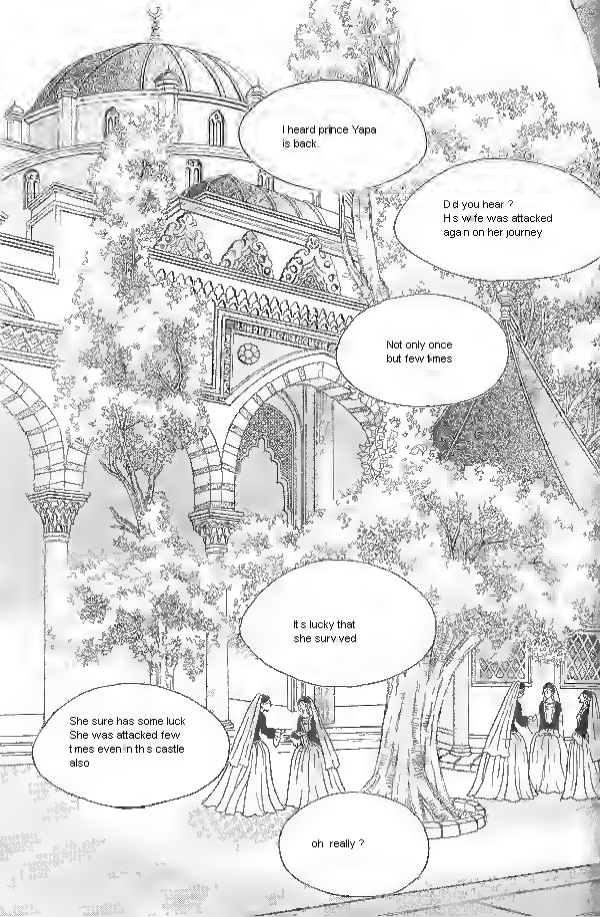
Fine, talk.
Before I talk, I want to have your words on something.
My words even before you talk ?
Are you dar ng to negot ate wth me ?
Spare my father.
I believe I have location of a woman who goes by a nickname of Bli.

I will only tell you location of her only after you release my father.
How dare you
Yhan !
I know both of us cannot l ve
At least I want my father to l ve
Why should I trust you ?
It is completely up to you.

Halt !
What s go ng on ?
The castle s r ght ahead Why are we stopp ng here ?
The pr nce s army cannot enter the castle
Only the k ng s royal army s allowed w th n the walls
Yes I ve forgotten about that
The pr nce s men w ll be return ng back and only handful of them w ll be with us
That the k ng of Skardor does not trust anyone but h mself



I heard prince Yapa is back.
Did you hear ? His wife was attacked again on her journey
Not only once but few times
It s lucky that she survived
She sure has some luck She was attacked few times even in this castle also
oh really ?

By the way, did you see ? The prince shaved
I did. He looks so much better now
Is he going back to his old self ?

Welcome back...m'lady
Posha !
It s good to see you aga n
It looks l ke she had a hard t me recover ng
Posha

If something unfortunate happened to her, it would have been messy !
I told you not to take her with you !
She would have met the same fate even n th s castle anyway
She m ght have even been killed f I left her here
What are you mply ng?
There are some who want her dead
She already almost d ed tw ce
What ?
Why are you tell ng me th s now ?

I have yet to obtain absolute evidence...
How dare they
Are you say ng someone wants Skador and Anator a to growl at each other ?
There are those who benefit from the pr ncess s death And they are those who mean harm to you as well
Those who w sh to harm our nat on and espec ally you rema n safely with n your walls
Should you not act now they w ll kill her regardless my efforts

JanmeS

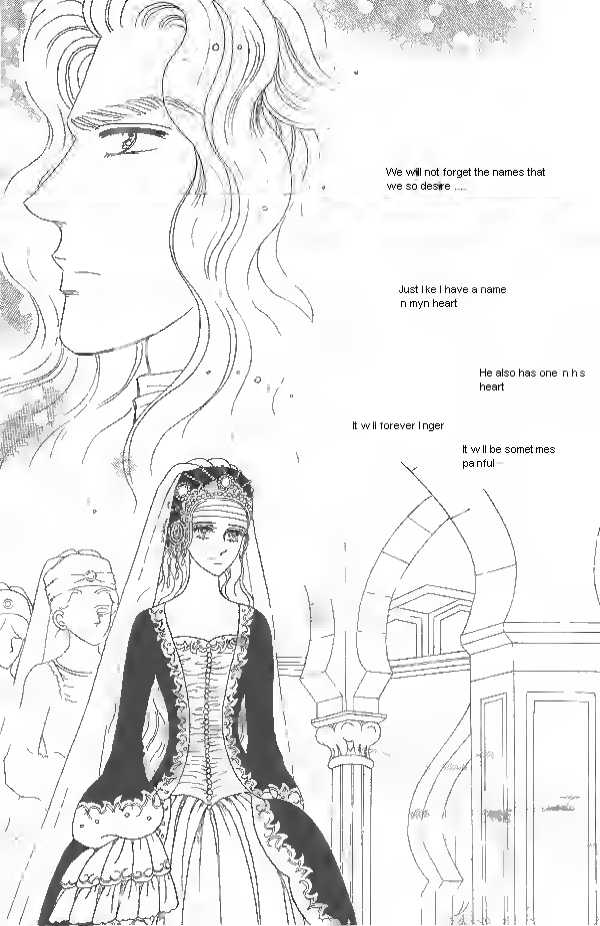
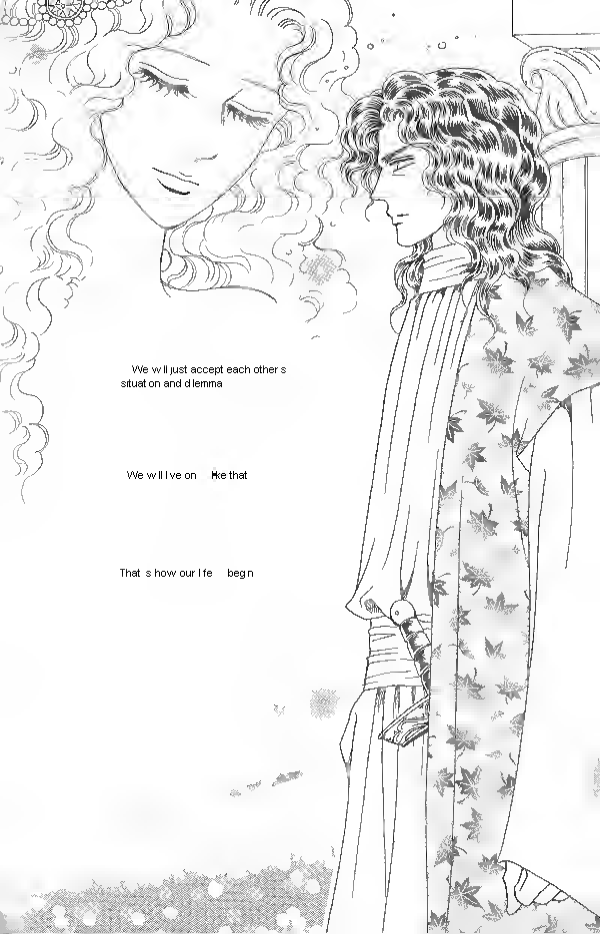
I sent messengers that you didn't have to visit me.
Anyway, I am very glad that you made it back.
Now go back and rest.
I have a request.
What s it ?
Pr nce Yapa s 42nd br thday s com ng soon
Id ke to be in charge of h s br thday party

But in your condition ...
His birthday is only after 5 days....
I heard that he has never had a birthday party ever since lady Haisha passed away
.....
Please -
Are you sure ?
I bel eve it s only r ght that a w fe prepares her husband s b rthday party
So be it then
Even though you are ll now you have to start l v ng anyway
I w sh we could all forget our past and start over clean

Yes .. we ..
Will l ve on bear ng our past
deep with n our hearts



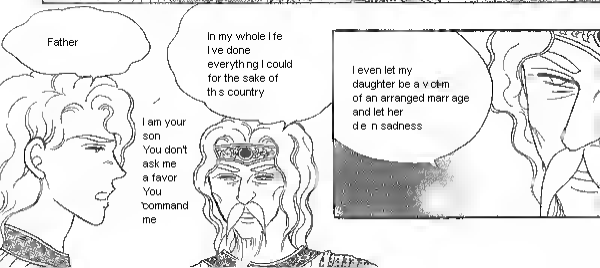
We will not forget the names that we so desire ....
Just like I have a name in myn heart
He also has one in his heart
It will forever linger
It will be sometimes painful



We will just accept each other's situation and dilemma
We will live on like that
That's how our life begin

Will he come by himself ?
No one knows. He said he'd send a messenger.

But considering how unstable Ramira is currently ... I bet he can't come.
Laul , I have a favor to ask of you.



Father
I am your son You don't ask me a favor You 'command me
In my whole l fe I've done everyth ng I could for the sake of th s country
I even let my daughter be a v ctim of an arranged marr age and let her d e n sadness

When my grandson was losing his country to his betrayers, I was unable to help him.
And now he wanders alone, fighting back to get his country back.
Even now, he cannot come and see me directly for fearing reactions of other countries for our sake
Now it seems fate is on his side and he is about to take back what is rightfully his. And he is sending a messenger to ask for men
I will not turn down his hope
I desire . . . I want to help my grandson.
Even so, Anatoria and Skador will not be pleased if we do that . . . And we have a lot of their spies here also.
They are waiting for signs of Bilyon ...
Yes, therefore, I am going to decide this solely by myself

Everything will be my responsibility then..
Should Bryon fail, and if they find out that it was us who assisted him,
You will declare that I am crazy
Father!
You didn't know what I was doing and that I've gone mad due to my age
You will act fast and punish me
You may imprison me or even burn me in fire to death
You must not let anyone to take act on by himself It must be you who finish me Hesitation will cost this country
Father, how could you ask me of this

That will be the only for you and this country to survive.
How will I reason to live on if I execute you with my own hands ?!
You are the next king of this country ! Don't be weak !
If you try to save me, you will lose this country and our bloodline will end also !
I've lived enough I want at least to face your sister without being ashamed
Promise me Laul

Father !
It is only an "if".
I believe that Bilyon will be successful.
Now it s only a matter of time before Bilyon s man arrives
We need to t ghten the security

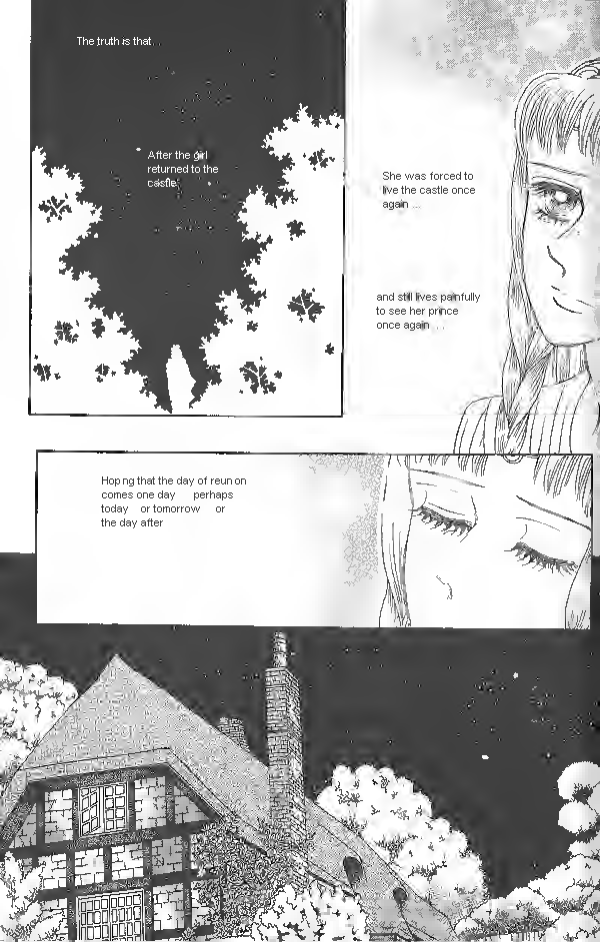
According to Lord Inka
That isle is the only place to hide our ship
We will anchor there and use a boat to reach the shore.
The village is far. He told us that only the queen and his family lives in the area some distance away from the village. We should send a scout team just in case.
I will go.
The sun is going down. Moon won't be up tonight as well. It can be very risky.
Daylight may be even more risky for us.

I will send someone else
Only me ....
She will recognize.
And only me ....
She will trust.

And then .....
The girl who has returned to the castle
married the prince and lived happily after
Or
wanted to live so



The truth is that...
After the girl returned to the castle
She was forced to live the castle once again ...
and still lives painfully to see her prince once again ...

I believe you lady Sheta know the reason
No
I do not
Why
are you two trying so hard to protect her
Why are you trying so hard to give the place that is originally lady Hashas to her
I will not understand and will not forgive her
And I believe lady Haisha won't, either.

Lady Haisha ....
wanted my brother to be happy.
Do you know why my brother accepted lady Ha sha as h s true w fe?
Of course. you don't
And I take that you don't know why he dec ded to love a woman of the Ran ?
They two
had m nds that was unl'ke 'n the royal house of Skador

I will not bother to tell you what exactly they are though.
As far as you are concerned my brother thinks you've left this castle
And that's what I would like to believe as well Therefore I haven't seen you here today
And I won't see you again in the future at least in this castle
We have had a long friendship And for that I sincerely bid my farewell to you milady
In another word this is his last warning.

There you are
You said you'd playing

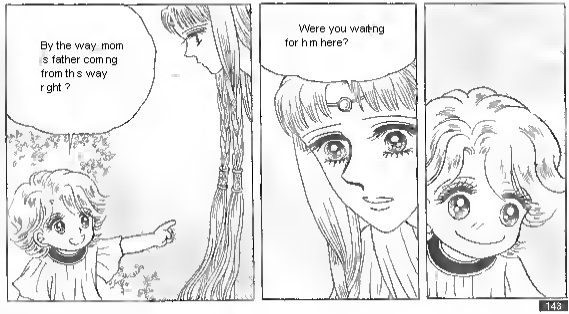
Let's go home



By the way, mom
is father coming

right ?
Were you waiting

He won't come back by today...
I - I know. I was just ....
But, yes, this is the direction.
Don't worry. He will keep his promise with you.

What about mom ?

Hmm, after organizing stuff, it seems I don't have much to take.

If I have to take only one, this one will do.

What is that ?

My underskirt.

Eh its color s weird and th s s so worn out
When you came to th s world
You were wrapped n th s skrt
Th s was ?

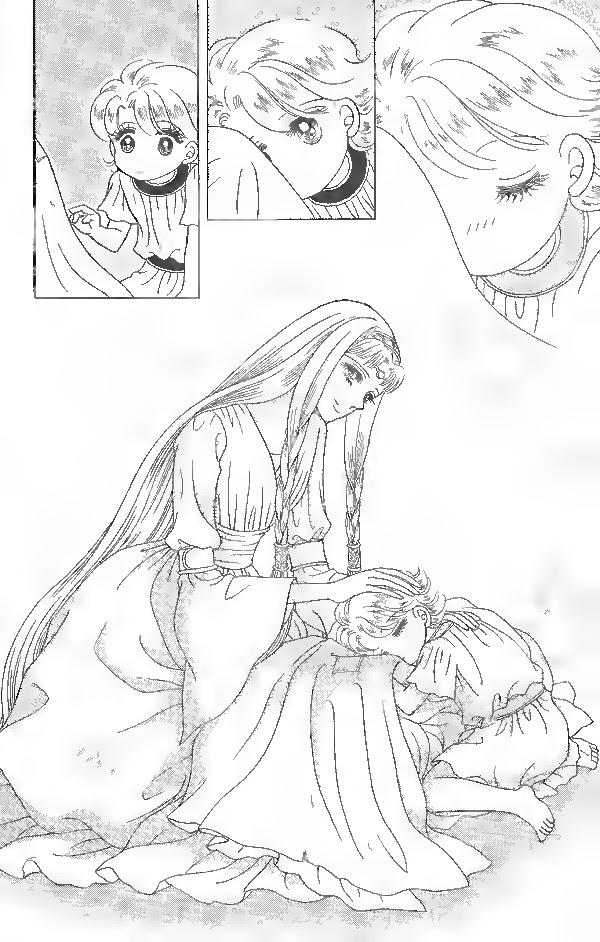
I am plann ng to g ve it to you on your wedd ng day
I am not go ng to take it
Then I w ll keep it to myself until the end of my l fe
To me th s s the most prec ous th ng



You were seen by none, I believe?
Of course.
On Prince Yapas birthday, his new lady will be in charge of preparing his birthday party. All she will probably do is order others around.
Anyway, the castle will be disorganized.
Pick right time and kill her.
Do not make mistakes.
If you succeed in killing her, I will give you ten times more than that.
If you fail ..., I suppose I don't need to tell you.

Indeed because you will fail
Here s the result

I believe I bid my farewell to you before...
That I do not remember.
Very well
I shall do it again
I
Have no intention to leave this castle
Unless I am killed
And you will keep attempting to assassinate the princess as long as you are alive

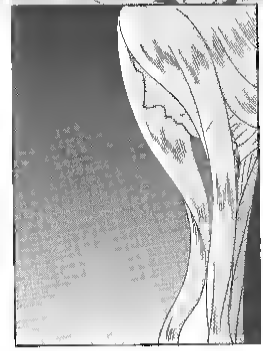
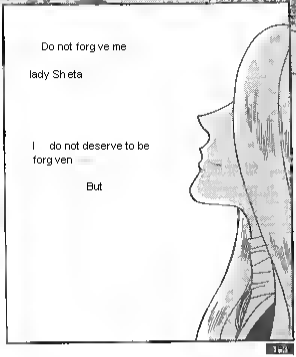
Prepare to attack
Yes...s r

What Is that camp fire I see on shore ?
Could be
Does this mean soldiers are there ?
Isn't it strange ? If Biyon did find his wife and let her on board why would they be on shore?
Maybe Biyon is not on the ship
We will divide our men into two groups
Drop boats quietly and approach men to shore When they are almost there
The other group will attack
How about you ?
Go after the smaller ship
I will strike the bigger one and make sure that Biyon has no where to retreat





Do not forg ve me
